I can recommend the Chateau Verdun if you are worried about getting stuck in the mist or something. A good choice for budget pilgrims. They showed us to our room with twin beds and a sink. Very clean and it is such a large building that could hold perhaps fifty people, but we appear to be the only ones here. When we came down there was a table set for two

The property is clean and well kept and the staff spoke excellent English. Except for the coffee, which was made from liquid concentrate and dispensed from a machine, the breakfast was good. The buffet included local meats and cheeses, breads, baked goods, fruit, and cold cereal. The room and bath were good size for the price.</p>

We've got a room for the night with bathroom for 60 Euros, right in the middle old the historic centre! We find a shop that sells knives etc, had a good chat, they also recommended we eat where we're staying, said its good family cooked food. Dinner at La Belle Époque was great! Bruschetta for antipasti, a local red vino, pasta for prima, my tortellini was delicious, then Patrick had cingale (deer) ragu with polenta, followed by tiramisu! As a result I stayed at the warmest and most uplifting place of the whole journey from Besançon to Vercelli: Villa Emilia and its fantastic owner Loretta. Wonderful room, garden and a separate open building for meals and relaxation in good weather. Loretta has lived in Pakistan and Egypt and the whole place is decorated with things she has brought back. Loretta cooked an excellent dinner for me and the other pilgrim staying the night because the local restaurants happened to be closed that evening. She is a remarkably hospitable person. She phoned ahead to book us rooms in San Germano. Single room, breakfast €25. In fact, I would make a point of arranging my stages to stay</p>

You can pick up your keys at municipal offices from 8.00 to 17.00, on Saturdays from 12.00. (Friday afternoon in the library), on a Sunday you go fetch the key at the Casa si riposo (home for the elderly) but the nurses did not have the keys and nobody could help me including the priest. Great reception by Mario. They offer refreshments which was welcome on a Sunday and you could help with donation. Beautiful cathedral with a really old crypt. A must. It is very clean with three double bunk beds, shower and toilet. There are blankets and sheets with a recommended minimum rate of 10 E each and there is no one else here, yet. There was a ticket on the counter for a pilgrim meal of 10E at a restaurant close by. In the restaurant the waiter showed us the menu and said first you pick the pasta, then the meat, then the salad, then the water, then the wine, by this time we were getting nervous about the price. Then the waiter asked if we wanted coffee. It was 10€ each! Wonderful pilgrim accommodation. Small flat next to church in the centre of the town with six beds and bathroom. Offered water and beer in the hostel and the option

45	San Germano Vercellese	Albergo della Miniere	20	Via G. Matteotti, 91		+39 (0)161 933 111	My first negative observation: AVOID the Albergo delle Miniere run by a not very courteous Chinese family. I walked away and met some pilgrims who had been warned about that particular hostel and had been given an alternative to this otherwise only show in town.	Single rooms face the very busy main road. I think the double rooms face the other way. Single room and breakfast €20. Ten rooms in all. Room OK. Bed uncomfortable. No hot water in the morning. Very small breakfast handed out individually (one small croissant and a cup of coffee), but you can buy extra. An excellent pizzeria in the village if you don't want to have dinner in the albergo.

Hot shower, no cooking facilities. There is a good pizza place right beside it. Their representative gave me large scale maps for the next day (which unfortunately were photocopy of photocopy and not very legible) and a beautiful certificate.
